FY21 Budget Update UConn and UConn Health

Board of Trustees 9/30/20

UConn Storrs and Regional Campuses

Overview

Source of fiscal challenge is shifting from lost housing revenues to mounting student support and financial aid costs. Unfunded legacy costs remain.

- Before the pandemic, UConn generated operating surpluses before covering unfunded legacy costs.
 - High legacy costs (\$31M in FY21) are an ongoing problem that impacts our research and clinical competitiveness
- Since the pandemic, UConn took aggressive steps to keep our students, faculty, and staff safe from the virus while continuing to deliver high quality education and research.
 - Research activities restarted under strict safety protocols; usage of classrooms and residential halls down to 40% of capacity
- Newest challenge is the increasing need for student safety and financial aid.

Impact of Unfunded Legacy and COVID Costs

Annual budget cuts of \$22-28m continue to be required to address \$30-38m in unfunded legacy costs. COVID impacts compound losses in FY20 and FY21, requiring aggressive mitigation efforts and labor and/or state assistance.

FY21 Projected Deficit

- Initial deficit scenarios ranged from \$47m to \$129m (Apr)
- Factors that improved fiscal situation
 - 1. Strong demand by degree-seeking students
 - 2. Strategies to recruit more out-of-state students and contract with universities overseas to keep our international students
- Factors that hurt fiscal situation
 - 1. Continuation of pandemic will affect spring semester
 - 2. Decision to reduce capacity to 40% was necessary for safety reasons
- Current deficit estimate is now <u>\$76M</u> (Sep)
 - If we are forced to close campus early, deficit estimate rises to \$109M.

10th Day Enrollment Census

- 1. Initial projected enrollment declines due to COVID: in-state students (-5%), out-of-state (-7%), and international students (-40%).
- 2. Enrollment Management and Global Affairs developed strategies to mitigate enrollment losses of out-of-state and international students.
- 3. Actual enrollment: in-state students (+2%), out-of-state (+5%), and international students (-4%).

Allocating COVID Cuts

- We are preparing to implement \$28M in additional cuts
 - 1. Send out budget call with flexible guiding rules on how to meet targets
 - 2. VP/AVPs & Deans respond with plans on how they would meet targets
 - 3. Leadership decides course of action

Biennium Request

The first phase of the biennium request, submitted 9/1, included only limited technical adjustments.

| State Appropriation Request | |
|--|-------------------|
| FY 2021 Approved Appropriation | |
| Operating Expenses | \$ 208,979,109 |
| Workers' Compensation Claims | 2,271,228 |

| New Facilities O&M | 1,638,595 |
| FY 2023 Total Requested Appropriation | \$ 222,743,606 |

Second phase of the biennium request, to submit on 10/3, includes request for **\$28M as a one-year COVID bridge** and seeking relief from 10% reduction in state block grant.

Ongoing Risks

Major risks include continuation of pandemic, lack of government support, and large and increasing fringe costs.

Enrollment

Normal risk of Spring melt

- Potential for another outbreak in Fall or Spring
- Economic hardship of students/families putting pressure on financial aid budget

State Support

 10% decrease in annual appropriation would cost \$39.7M (\$21m plus fringe), lowering state support per CT student from \$11,000 to \$9,000

Fringe Costs

 Fringe benefit rates—over which UConn has no control—continue to rise, and UConn must cover these costs with non-state funds

RE: FY20 Capital Expenditures

<u>RECOMMENDATION</u>:

That the Board of Trustees acknowledge the capital expenditures of \$214,897,906 (Storrs and Regional Campuses: \$205,278,000 and UConn Health: \$9,619,906) for Fiscal Year 2020.

BACKGROUND:

In keeping with the process outlined in the General Guidelines for Implementing the Corrective Action Plan for UConn's Construction Program approved on August 2, 2005, the University has been reporting actual expenditures for the Deferred Maintenance/Code Compliance/ADA Compliance/Infrastructure Improvements & Renovation Lump Sum and Utility, Administrative and Support Facilities (Deferred Maintenance) project line. After fiscal year close, the final list of expenditures was submitted to the Board for information.

Since FY17, the University has submitted an all-funds capital budget to the Board. Therefore, in an effort to continue this transparency, the report of capital expenditures will no longer be limited to Deferred Maintenance bond fund spending. The new report includes all capital project expenditures for FY20 detailed by UCONN 2000 project lines and fund sources.

It is important to recognize that depending on the start and duration of a project, capital expenditures may occur over multiple years, and therefore the expenditures in the following report do not necessarily equal the capital budget for a specific year.

* - Current Funded Budget may be less than the approved budget, and represents the current funding available for the project

** - Other funding sources include State Bond Funds, Gifts, Grants and Federal Funds

*** - Per Capital Projects Policies and Procedures, transfers between funding sources may occur periodically, as determined necessary by the Office of Budget and Planning and approved by the Board of Trustees, if necessary. If a current period transfer captures expenses paid in a previous fiscal year, a negative balance occurs in the report. This adjustment corrects for prior year expenditures in the current year transfers.
